

**POLFENDO EVO**

in harmony with nature

# EVO

ROLLER DOORS

## EVOLUTION OF TECHNOLOGY FOR THE CLIMATE

Instead of predicting the future – start shaping it.  
Choose our door, a product of reliable technology,  
for the sake of your peace of mind and for the sake  
of the planet.

### OUR MISSION

Modern technologies mean trouble-free operation.

Security is a core value of our doors.

Zero Waste technology – we produce using  
renewable energy sources.

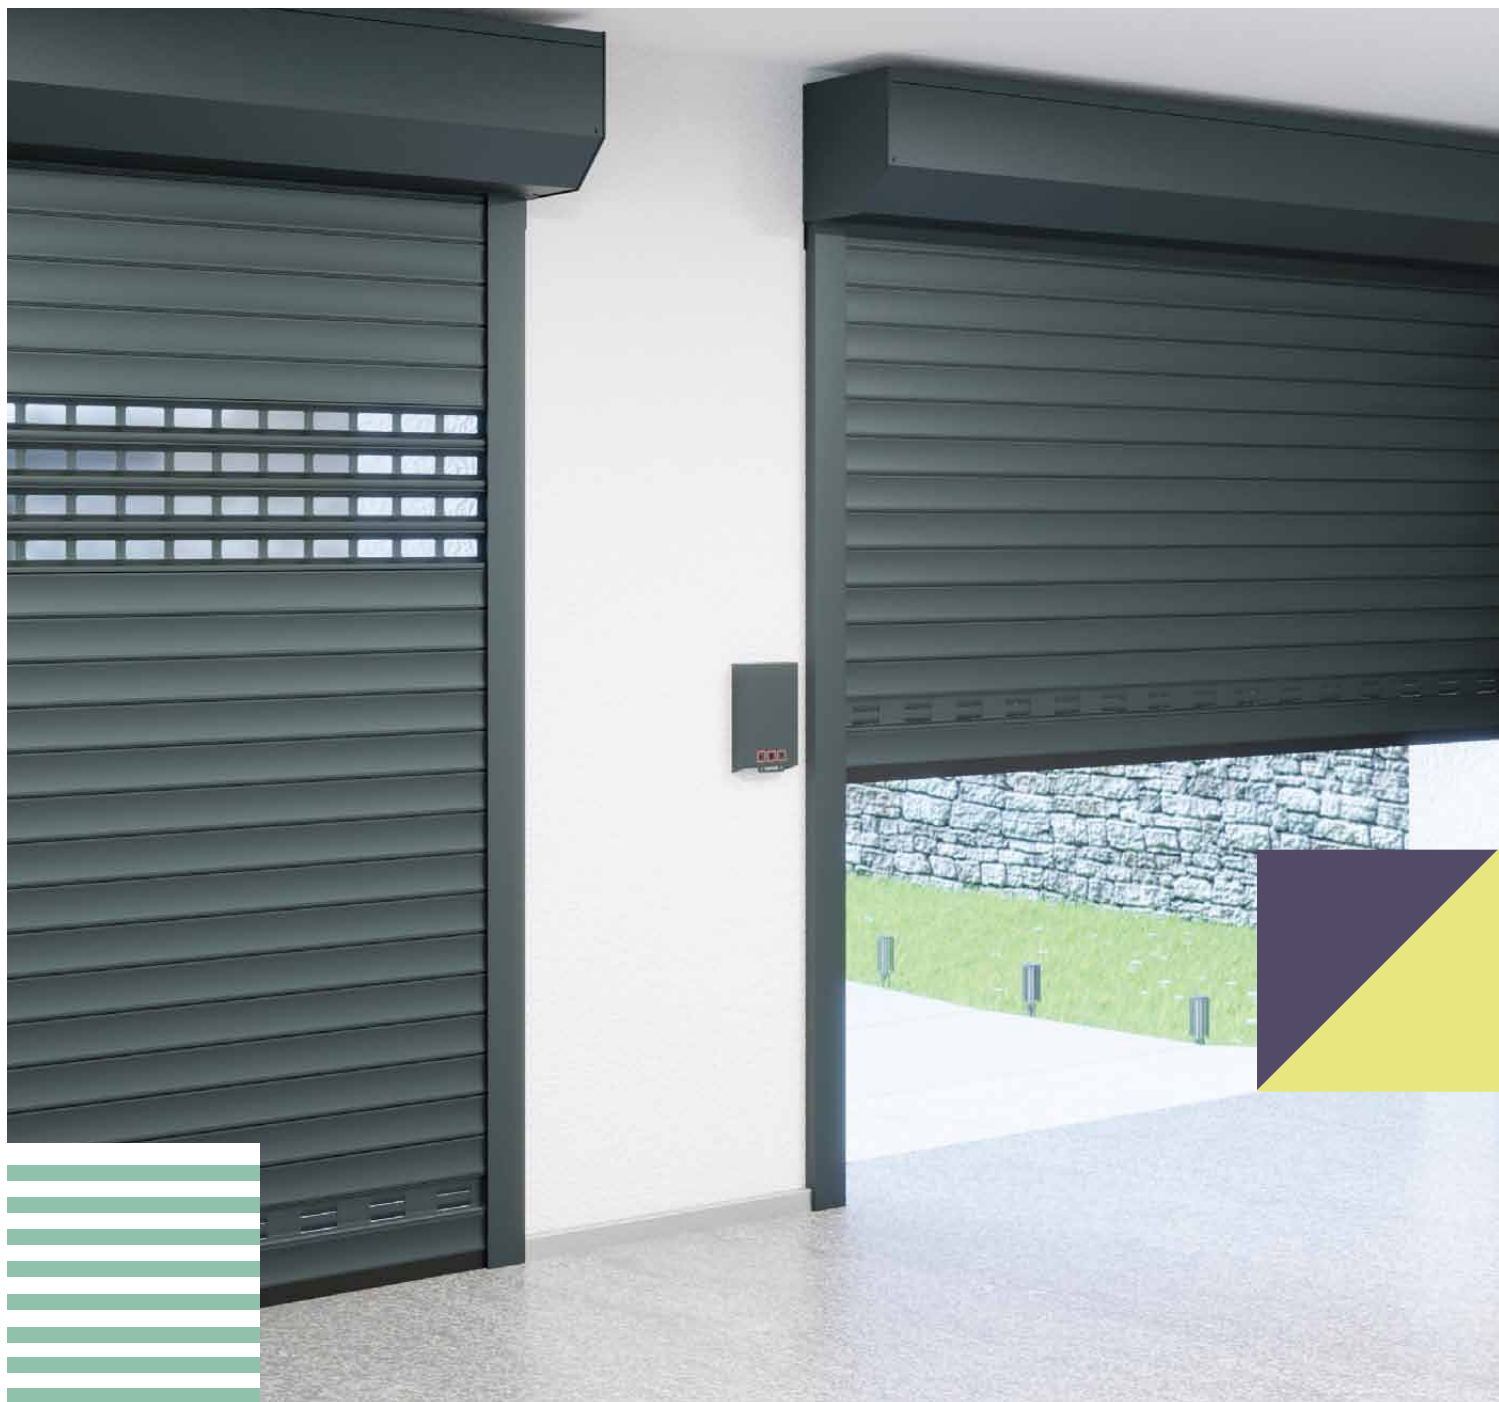

Green evolution – when you choose EVO, you care  
about the environment.

By buying a premium class door, you do honour to us and a favour to yourself!

Modern  
technologies

safety

# Reliable technology upholds safety

Everybody wants to protect themselves and their loved ones and we perfectly understand that.

With modern safety systems – e.g. additional protection against crushing – you can be sure that everything works as it should.

**You have consciously chosen you door:**

- ◆ For the sake of your loved ones,
- ◆ For the sake of your comfort,
- ◆ For the sake of the planet.

**We appreciate it :)**

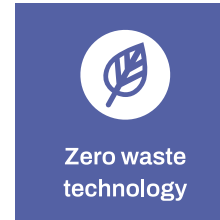

# Ecology – we protect what matters

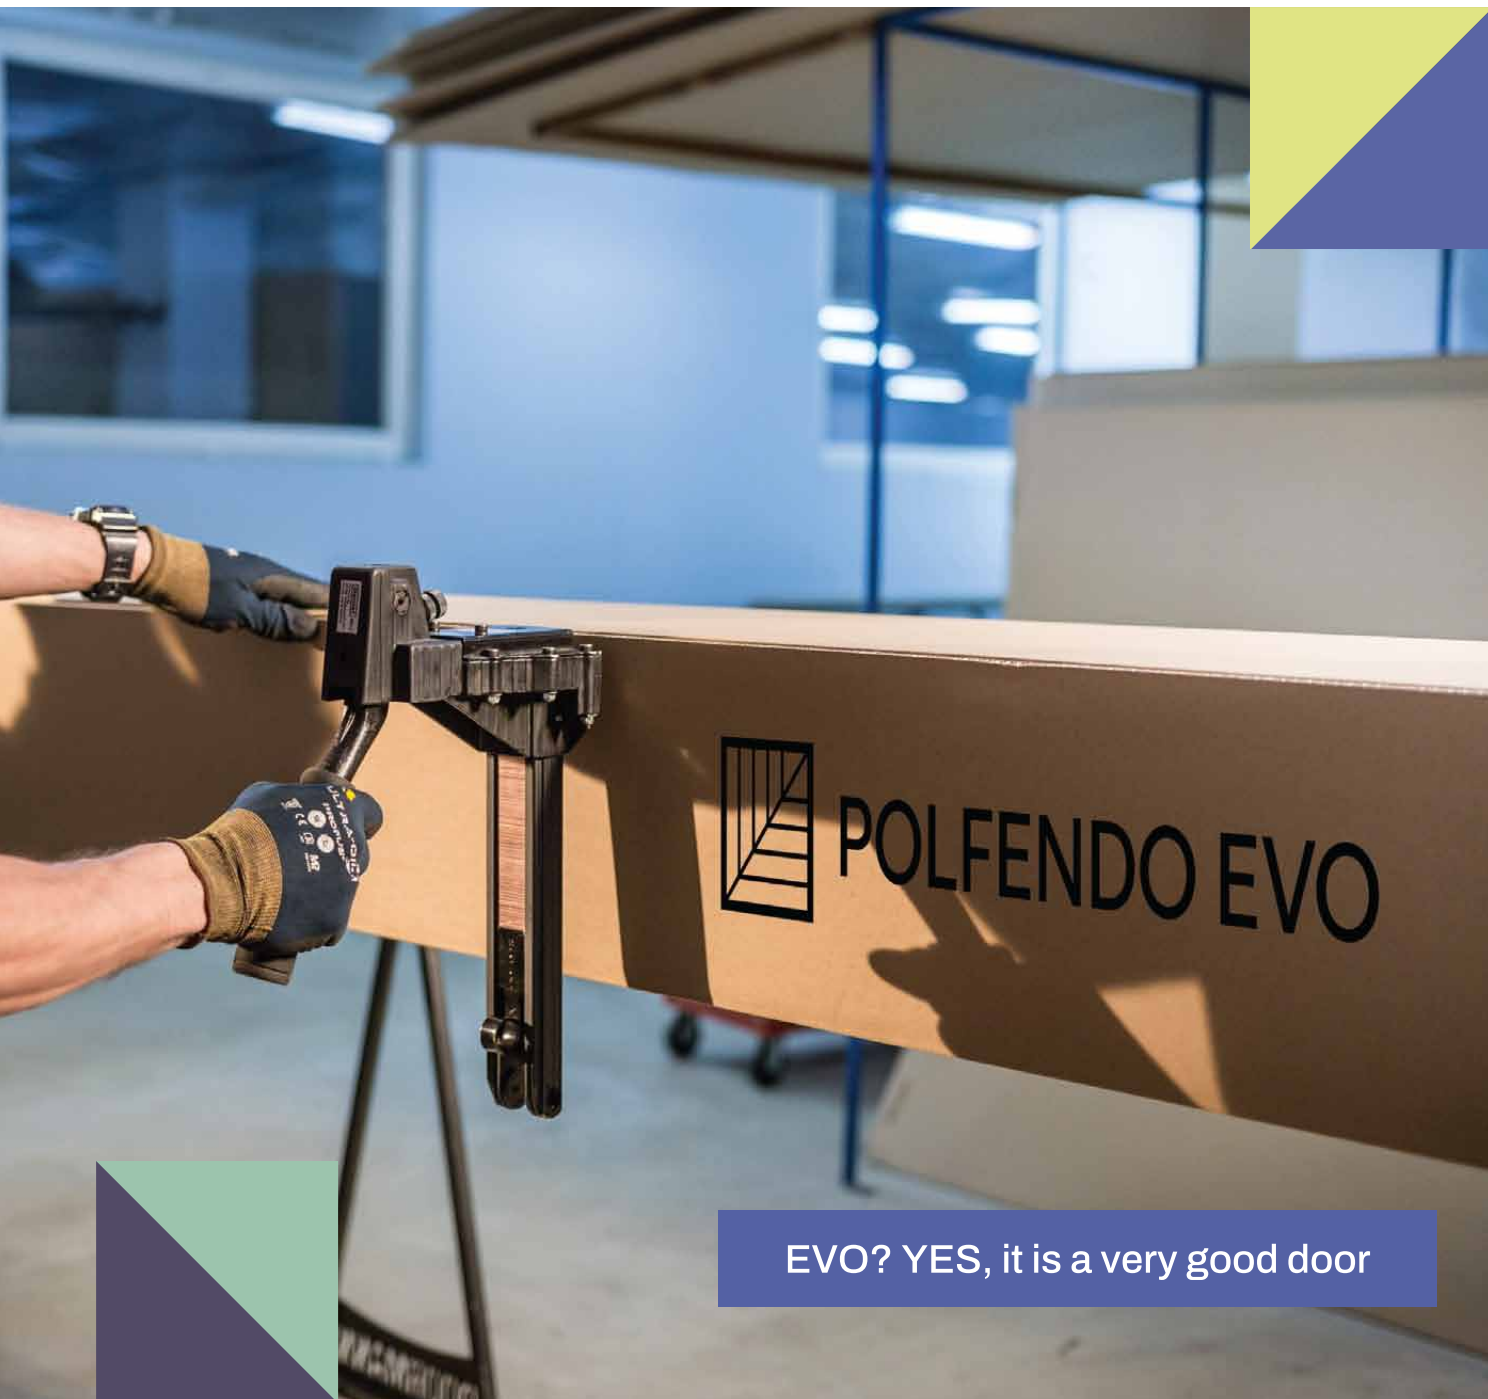

Choose a door that will allow you to secure  
your home even better

With EVO you will not only take care  
of your own four walls, you will also help  
the planet which is the home of all of us

## How do we care for the environment?

- ◆ We have reduced the amount of CO2 in production,
- ◆ We use packaging that is fully recyclable,
- ◆ We plant trees,
- ◆ We do not use plastics for the packaging  
of the doors,
- ◆ Our products are made in 90% from aluminium.

EVO? YES, it is a very good door

Now you are EVO too!

# Peace of mind for years

We have provided each EVO model with additional safety features. They make the door look good and work flawlessly for many years. We give you an extra year of warranty for that.

## **No need to bother about repairs and renovations.**

- ◆ WITT Sensoric technology prevents the door from being accidentally operated.
- ◆ Original flocking system for lasting beauty.
- ◆ The door is made in 90% from aluminium – for us, quality is not just an empty word,
- ◆ 3-year warranty – we are sure that you will be satisfied for years to come.
- ◆ Customer portal so you can always stay in touch with us and extend your warranty.

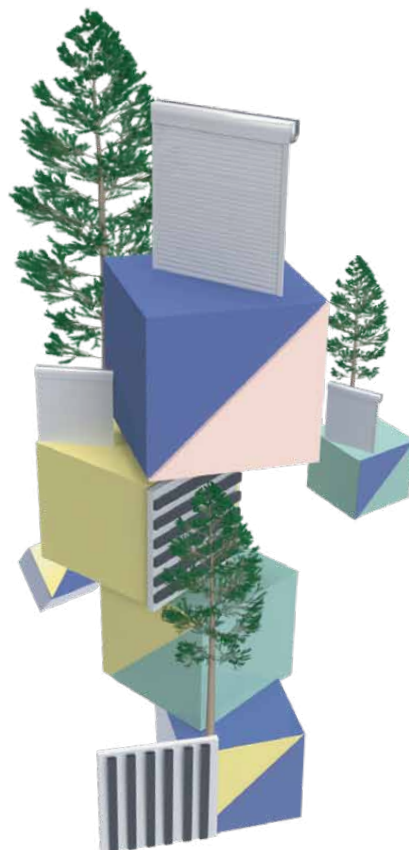

# Join EVOlution!

You say: a drop in the bucket  
and we say: constant dropping  
wears the stone. Your decisions  
have a real impact  
on the environment.

By choosing an EVO  
by Polfendo door, you are  
contributing to the expansion  
of forests in Poland.

When you buy an EVO door,  
you choose peace and security  
not only for yourself and your  
loved ones, but also for the planet.  
For every new door bought,  
we plant a tree on behalf  
of the buyer.
